## ***Houston, We Have a Problem***

In the mid-1960s, we moved from Lake Jackson, Texas to southwest Houston, Texas, specifically, the Westbury area, in the Southwest of Houston. During that period of time, I had made some good friends from church, the neighborhood and from school.

One day, myself and two of my neighborhood buds decided to “camp out” in my backyard. We didn’t have a tent and the only thing that we could see, while lying on our backs, was the stars that the Lord had provided for us to enjoy. We guys talked as the night wore on when I suddenly changed the topic and pointed to a brilliant star that was right above us.

The star was very bright as I pointed it out to my two friends. We watched as what looked to be very tiny points of light circling the much larger bright light in both the clockwise and counterclockwise directions. Suddenly, all the points of light converged with the larger light which then began to turn different colors like red, blue, green, then bright white, and like an explosion, the points of light shot straight out from the “star” in all directions, all 360 degrees from the main light which then completely disappeared.

I don’t remember anything else that night, nor the next morning. At about that same time, I was waking up with nose bleeds periodically. Blood all over the pillow. I would walk down the hallway in our home when my nose would suddenly begin to bleed. It was very frustrating. This phenomenon lasted for about one to two weeks, then stopped.

I had not heard about nose bleeds in regards with the UFO phenomena when I was in Junior High School. Although I had seen many different things in my thirteen years of life, like lights in the skies, little alien greys, talking with either an angel or alien, I don’t which, it wasn’t until my Uncle J.C. had given me a copy of [Look Magazine in 1966](#) and I read about the abduction of Betty and Barney Hill that it all began to make sense to me, at least a little bit of sense. I was hooked. I began to read everything I could about UFOs beginning with the [“Incident at Exeter” by John G. Fuller.](#)

Star Trek became central to my weekly science fiction, or Syfy, viewing. My interest in the UFO phenomena did not end in Junior High School, neither did the lights in the skies, the aliens peering into my room at night, aliens chasing me into storage rooms and then finding myself on an examination table.

When we have experienced such events, we are prodded to seek answers, such as it is with the UFOs, aliens, near-death experiences and shadow people as well as other strange events that change our lives.

The question is this, who are the aliens? I went to Paris, France in January 1980. While I was there, I was an American citizen, but also an alien to that country. I was not, never have been, nor ever will be a citizen of France. However, I am also a citizen of this world, this planet and I dare say that there seems to be others who are not of this world who come to visit occasionally. These visitors are alien to our world. They are the aliens. From where did they come from? Who knows, we speculate that some are from [Zeta Reticuli](#), Venus, think Commander Valiant Thor [\(1\)](#) [\(2\)](#) [\(3\)](#) [\(4\)](#), think Venus, Orthon and George Adamski [\(1\)](#) [\(2\)](#).

The Lord God created all things. We do not know the extent of His creation. We surmise that we know of one or more universes, [yet we cannot even begin to know the number of galaxies in our own universe](#) [\(1\)](#), the number of stars in our own universe, heck, we don't even know how many planets are in our solar system, some say 9, some 8, not including [dwarf planets](#) and [minor planets](#). So, how can we say we know anything about from where the aliens come? Do they come from our solar system? Our galaxy? Our Universe? How about our dimension? I suppose it all depends on where your get your source material, let us look at these references. [\(1\)](#) [\(2\)](#) [\(3\)](#).

[The confusion is that the 3 directions of space are called 3 dimensions. Every dimension has 3 directions, including drawings and pictures.](#) The difference in Dimensions is the vibration or frequency of energy. How can people still believe that the world is flat or that this 3rd dimension is all there is? Oh yes, they want proof, don't they? But it seems that all the proof is useless to the Flat Earth people. How much proof do you need before realizing that [other dimensions exist](#)?

So, do we really know from where aliens come, or is it all guesswork? When I worked as a technician either in the chemical industry or nuclear industry, we at times would ask those who had a higher authority a question. They invariably would give an answer, however, we also knew that the answer was false. When asked where they got their answer, they stated that they pulled it out of the air. It was false, they knew it was false, but they didn't know what the true answer really was.

If we know there are aliens visiting us, where do they come from and how do we know we're getting a true answer?

Some of us who have experienced the alien abductions or have seen the lights in the sky or aliens looking into our bedrooms know that we cannot measure what we have seen with instruments of science. We cannot measure the dimensional qualities of what we have seen nor put it into any kind of box to be analyzed at a later date. Most of the answers we have are anecdotal answers. Hypnosis helps, but there is nothing like a face-to-face talk with an alien being over a hot cup of coffee.

## ***Our History***

Growing up in the 1960s, I was well aware of the UFOs, although I still didn't have a handle on all that it meant to me. I had become aware that UFOs were to be kept a secret and that our government would do whatever it took to keep that secret, even if it meant silencing the person who had seen or experienced the event. They silenced them by ridicule, ignoring them, or sending the men in black. Depending on the credentials of the observer and the believability of the story.

In the 1970s, I read several books by George Adamski who told of visitations he had by the Venusians. The first, "Flying Saucers Have Landed", and the second, "Inside the Spaceships". I believe that these two books can be found on the website [Adamski Foundation](#).

If one were to think that the first sightings of a UFO were on June 24, 1947, by Kenneth Arnold near Mount Rainier in the State of Washington, then they would be sadly mistaken. Sights of strange lights in the sky over England were sighted in 1661. A flying enormous, long fiery object was spotted in Switzerland in 1619.

The stories of what we would call UFOs have been around for thousands of years and perhaps millions of years. We call these objects UFOs, but know UAPs, because that is in our vernacular. The ancients may have called them by other names like flying shields, pillars of light, a cloud, etc. One day, our descendants may laugh at our ignorance when they call them by their proper name.

Has our government **EVER** lied to us? [According to CIA Director William Casey, his spoken words say it all, "We'll know our disinformation program is complete when everything the American public believes is false.](#)

UFOs, our American history, our Constitution. What are they hiding and why do they hide it right in front of us?

What about the Bible and all that we hold dear? Have we been lied to by the church? When I speak of the church, I speak of the church of Rome, the Catholic Church as they were the guardians of the sacred scriptures, the Bible. They were the ones who canonized the bible and edited the bible.

When I watched the YouTube video, [Bible Secrets Revealed: Hidden Messages of the Holy Book \(S1, E1\) | Full Episode](#), it answered some of the questions I've had since I was young and did not want to ask due to being a child and adults have all the answers.

Let's continue on with research into the bible.

## *I Hear Voices*

When I first began my journey into hypnosis via the Quantum Healing Hypnosis Technique (QHHT) as taught by Dolores Cannon, the instructor told of taking the client into hypnosis and bringing in the higher-self, or subconscious. She said that we may at times hear a voice change in the client when we begin to ask and hear the answers of the client's higher self. This has happened on several occasions and have been startled and mystified as to why this happens. When it happens now, I just see it as part of the process, but then, we have those whose sessions that are imprinted on my mind as they are very much out of the ordinary in my opinion.

A couple of years ago, I had a client come in who had various questions to ask of her higher self. As the process of hypnosis began, and she eventually visualized doors which led her to the answers she sought, she found herself in some sort of vehicle flying in the air. When I asked her where she was going, she said that they were taking her back home. She was about 7 years old. When I asked her where she had been, she complained about pressure being put behind her eyes. This was similar to another client I had a few weeks prior to this session who had also complained about pressure in his head when we got too close to any sort of UFO subject.

She said that the people on the vehicle wore a tight-fitting uniform of some sort and that they looked like people. She also indicated that her skin was much lighter and that she didn't quite look the same as she had earlier in her life. I asked her if this was a past life or maybe a parallel dimension of herself. She indicated that the pressure in her head resumed, and she said that she felt like a cage of some sort was putting pressure on her body.

This client did not go into a past life. All the events described by her higher self, refer to events in this present lifetime.

We went back a few years to an earlier time in this lifetime when she was two years old standing at the foot of her bed. When I questioned her, a male's voice, a much deeper male's voice came in and told me that this is where her issues began. When I enquired as to who I was conversing with, all I was told was that he was the Guardian. Now, this is what caused me to give pause to the voice, or Guardian. This client is not a big woman, and her speaking voice is nowhere at all a deep male voice. The Guardian told me that this client had never been alone, and she had always had help, and neither was the Guardian alone as he had others with him whose names he would not reveal.

So, if this client had never been alone, could it also mean that no one on this planet, or universe is ever alone? That we have constant help every moment of every day? I believe that may be true also due to the conversations with other clients while they under hypnosis.

Recently, I had another client who had questions that he wanted answered by his higher self, particularly about a man named Phil. Apparently Phil had been close to this client, but he really didn't know who Phil was.

The client was led into a deep state of hypnosis. When he arrived and went through his visualized door to find his answers, he at once began to abreact to what he saw, which was a dark

room with pink light. I asked him what he saw, and he said he saw home. He was home. Finally at home.

I brought in the subconscious, higher self, to begin asking his questions. When I got to the question asking about Phil, Phil came in and begin answering the questions. What was amazing about this entity was that Phil had been with the client even in the womb, before the client was even born. Phil's voice was much more dominate than the client's voice. Phil said that he helps the client and guides him. When I asked Phil to leave the client, he said that he couldn't do that, because the client was supposed to be with him. When I asked what would happen if Phil left the client, Phil said that the client would die since they are one and the same. Now, whether or not the client would really die is unknown, however, I was not willing to risk any negative repercussions on my client. Their health and safety are my prime focus.

It was strange indeed when the client talked with his soft voice, yet Phil would talk with a dominate forceful voice like he was the one in control. Which, according to him, he was.

The client was able to go to several past lives and then one future life, the first future life that had spontaneously occurred. At one point he began to cry and when I asked him what was happening, he said that they were leaving him. When I asked who they were, he said the ones in the saucer. I asked if he needed any food or water and he said that he had no need of those things. He said that he didn't want to be here. When I asked what year it was, he stated 2030. I asked him if he was human, he said no, but reiterated that he did not want to be here, but that he had a mission to fulfill and he would complete his task.

### ***Newsletter Input - Top***

Sometimes, from time to time, we all experience something from the unknown. Our God knows, but we have not a clue as to what it was, and it bewilders us and forces us to do a reality check. We also find that we want to tell someone, anyone, maybe. But who? Do you have a story you want to tell, but do not want to be put on the front stage with all eyes looking at you? Do you get nervous meeting new friends and are fearful that they may think you to be strange and not all “there?” If you would like, please email me with your story. I will read it to see if it has interest for our readers, I may check for spelling and grammar then post it in our newsletter. I can leave your name off if you would like. But I want to hear from our readers.

### ***QHHT Sessions - Top***

If you are interested in doing a QHHT session, my current fee is \$300 for the entire session. I only do one session per day so that there will be no rush to finish a session before it is natural completion. You will also find that my fees are at the low end of the scale among QHHT® practitioners, to make it more affordable. I’ll send you some paperwork to be filled out when we schedule the appointment, then I’ll send a reminder one or two days prior to the session that will also include my address here in Spring Branch, Texas. Bring the paperwork with you and we can go over it when you get here. A belief in reincarnation *is not* a requirement for a QHHT® session. Your unconscious mind will take you to the most appropriate time and place in which your questions will be answered.

If you need to call or text me, to ask more questions, I will be more than happy to answer any questions you may have. If the call goes to voice mail, I will call back as soon as I am able. I am retired and hypnosis is the only “work” that I do, so if you need to call or text, do not hesitate. The session can last four to seven hours. This includes a two-hour discussion and a review of the questions you bring with you that you want your unconscious mind to answer, a one-to-two-hour hypnotic session that may include one to three past lives, answers to your questions by your unconscious mind, and a body scan by your unconscious mind. The session is videoed, and an audio file of the session is sent to you via Drop Box.

### ***ABOUT - Top***

This newsletter started out as a way to encourage others to meet and tell others of their paranormal experiences. I’ve also included a lot of my own experiences in the previous newsletters, but now, I believe it is time to include other subjects that will help a person to grow and heal, not only in the mind, but also in the body. After all, isn’t that what we all want, to have a healthy mind, body and spirit?

As I research the various topics that I find interesting, I will occasionally dip down into rabbit holes and find nuggets that were completely unexpected. Attending “**The Healing Arts Festival**

**& Market”,** I also see where people are seeking alternative sources of healing rather than the allopathic medicine in which we have begun to shy away from due to the contraindications associated with their treatments when using questionable pharmaceuticals.

I have found, in my readings, therapies that include frequency, vibration and energy as well as red light therapy. Frequency would be associated with light and sound, as in the Singing Bowls that one may find at the Healing Arts Festival & Market. So, please expect more, and if you believe that I have veered off track and need to come back to center, please let me know. Feedback does help.
